

PATAN HUSSAIN KHAN

Full Stack AI Developer | AI & Machine Learning Student | Java Backend Developer | Software Engineering Enthusiast

+91 7989250856 | patanhusssainkhan76@gmail.com | Vadodara, Gujarat, India

[Google Developer Profile](#) | [NeetCode Repo](#) | [LeetCode](#) | [GitHub](#) | [HackerRank](#)

PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science & Engineering (AI & ML) student with a strong academic record (SGPA: 9.07 | CGPA: 8.69/10), passionate about Artificial Intelligence, Backend Development, and Software Engineering. Experienced in Java, Python, Spring Boot, REST APIs, SQL, HTML/CSS, JavaScript, and Machine Learning fundamentals through hands-on internships and projects. Demonstrates a strong problem-solving mindset with continuous practice in Data Structures & Algorithms and a focus on building scalable applications.

EDUCATION

Parul Institute of Engineering & Technology

2024 – Expected Graduation: 2028

Bachelor of Technology (B.Tech) - CSE (AI & ML)

SGPA: 9.07 | CGPA: 8.69 / 10

Relevant Coursework: Data Structures & Algorithms, OOPs, DBMS, Operating Systems, Computer Networks, Software Engineering

EXPERIENCE

CodeTech IT Solutions

2024 – Present (Ongoing)

AI & Machine Learning Intern

- Applied Machine Learning algorithms, data preprocessing, and exploratory data analysis using Python.
- Built end-to-end AI/ML internship projects using real-world datasets and model evaluation techniques.

Oasis Infobyte

2024 – Present (Ongoing)

Web Development Intern

- Developed responsive web applications and project-based frontend interfaces using HTML, CSS, and JavaScript.
- Implemented clean, modern UI practices and responsive design principles for optimized performance across devices.

TECHNICAL SKILLS

- Languages:** Java (Core), Python, SQL, HTML5, CSS3, JavaScript
- Backend:** Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs, Maven
- AI & ML:** Machine Learning Fundamentals, NumPy, Pandas, Matplotlib, Data Cleaning, EDA
- Data Structures & Algorithms:** Arrays, Two Pointers, Stack, Queue, Linked Lists, Trees, Graphs, Sorting, Searching, Dynamic Programming (Java)
- Database & Tools:** MySQL, Git, GitHub, IntelliJ IDEA, VS Code, Postman, Jupyter Notebook, Google Colab
- Software Engineering:** Agile/Scrum Fundamentals, System Design Basics, RESTful API Design, Clean Code Practices

PROJECTS

Student Management System (In Progress)

Java, Spring Boot, Spring Data JPA, Hibernate, MySQL

- Engineered a robust layered backend application following MVC architecture with RESTful CRUD APIs.
- Integrated MySQL database persistence, Global Exception Handling, and Spring Security authentication.

Student Data Visualization

Python, Pandas, NumPy, Matplotlib

- Cleaned, preprocessed, and analyzed student datasets to uncover trends and construct actionable insights via EDA. [[Code](#)]

Personal Portfolio Website

HTML, CSS, JavaScript

- Designed a fully responsive, modern web developer portfolio showcasing skills, projects, and credentials. [[Portfolio Demo](#)] [[Code](#)]

Product Landing Page

HTML, CSS, JavaScript

- Built an interactive, mobile-first landing page with modern layout techniques and sleek CSS styling. [[Landing Page Demo](#)] [[Code](#)]

NeetCode & DSA Problem Submissions

Java, Data Structures & Algorithms, Git/GitHub

- Maintained an automated solution tracking repository containing accepted Java solutions for Data Structures & Algorithms problems synced directly via NeetCode.io. [[GitHub Repository](#)]
- Practiced fundamental and advanced DSA topics including Arrays, Two Pointers, Binary Search, Trees, Graphs, and Dynamic Programming in Java.

CERTIFICATIONS & ACHIEVEMENTS

Google Developer Badges & Credentials:

Verified developer badges earned on [Google Developer Profile](#):

[Gemini Enterprise Agent Ready](#)

[ML Crash Course: Logistic Regression](#)

[ML Crash Course: Linear Regression](#)

[Chrome DevTools User](#)

[Get Certified Edition 3](#)

HackerRank Java (Basic): Verified Certificate [[Credential](#)]

- DSA & Coding Streaks:** Active solver on [LeetCode](#) & [NeetCode](#) with a maintained submissions repository. (50-Day Streak Badge 2026)
